In the Rear View Mirror

With 2024 now finished, it is always such an encouragement to look back at all that has happened this year. As the song sings, "Count your blessings one by one..." To kick off the year, we had the privilege of seeing our daughter born on January 1st. We were later honored to be a part of our church's Homecoming event this past summer where we celebrated the thirty year anniversary of the construction of our building. Just after that we held our annual summer camp where we were blessed to see so many great decisions made to live for Christ. We are praying that these children continue to hold true to the choices they made. Much more recently we were able to acquire the new van! We cannot say it enough, and words will never do justice to the gratitude we have to all of those who participated in giving financially and praying. God truly worked a miracle to make this happen. In December we had a children's Christmas program where about thirty-five children sang different Christmas songs and took turns reading through the Christmas story. This was a great opportunity to invite their parents to join and watch their children, and of course give a clear presentation of the gospel. As we look back though the many memories made in ministry, with friends and family, we are nothing but thankful for God's gift of life this past year.

The Road Ahead

We are very excited about the future! We have faith that God will bring just as many if not more opportunities this year as He did last year. In January, we will begin using the new van to pick up people, children and adults alike, and bring them to church. We will also be able to use it to take our Icelandic teens home after our Thursday evening services. We are so excited about this new opportunity to serve. We have been able to begin building relationships with our neighbors in our new apartment, please join us in prayer that God would begin working in their hearts as we plan to share the gospel

Sincerely,
-The Sears Family
